

Me & Toi's Wine List

Living in the Barossa we believe every delicious meal deserves an equally good wine to match it.

This list is packed full of wines that we believe pair well with Duc's (our head chef) style of food but also wines that can stand as beautifully on their own.

We also believe golf and wine go hand in hand. We have selected some wines for those hot summer days and great golf. We have also selected wines for those cold days where you need to come in after a hard day, sit by the fire and drink yourself warm.

We will have a shortened wine list for a couple of weeks, but as wine is a passion, expect to see a much bigger wine list from 1st July

Friends of Me & Tanunda Pines

A special relationship curated through golf, sponsorship and friendship, these wineries hold special meaning to Tanunda Pines Golf Club.

Brothers At War

I have picked olives up and down their property, Eden Valley reminds me of NZ, with old rocky soils and normally a little greener than the valley floor. We might need to get their Cabernet on board, as that is my favourite!!! However the Chardonnay is great after a long game of golf.

NV Eden Valley Chardonnay	\$40
2024 Nothing in Common Riesling	\$45
2021 Eden Valley Syrah	\$120

Henschke

When I first moved to the Barossa I spent time living on Stone Jar road in Eden Valley on the Hutton Farm property and near the Henschke's. It was only playing golf I properly meet Steve and Prue. They are great to play with and more importantly their wines are fantastic.

2024 Five Shillings Shiraz	\$59

John Duval

John is a fantastic winemaker, and Tim is following his father's footsteps well. A true gentleman of the industry, it's always a pleasure to drink one of their wines.

Langmeil

When I was a student, we got dragged into doing many things, including hand picking grapes. Langmeil was the first vineyard I ever picked, and to this day I am not sure if I drank more wine or picked more fruit. With the oldest Shiraz in the Barossa, this has a strong heritage and history, and importantly the focus is Shiraz.
